If you are unable to serve on your assigned week, please **make your own switch** with someone else on the list and **let us know at church** (so we know who is mowing the lawn that week) Call the church office at 402-333-7173 or e-mail churchoffice@omahacrc.org

If equipment breaks or is damaged **REPORT IT IMMEDIATELY** to **Brian Kramer @ 402-657-2560**. Equipment breaks! Don't sweat it -- report it so it can be repaired for others to use! If gas cans are empty please fill them with gas cards in the shed or turn receipt into church for reimbursement or let Brian K. know they are empty.

Do not mow before Thursday if possible, as the grass grows quickly and your effort is lost by Sunday.

It is very important that we use the small push mower or trimmer in tight spots especially on the North side of the property. Also, as important as mowing is trimming and blowing of grass off of walks when done.

All equipment and supplies are in the shed behind the parsonage. Both mowers take straight gas. The blower and trimmer take mixed gas which is premixed in a different can. Please fill the mowers after mowing is complete. Be sure to contact your mowing partner in advance to coordinate your mowing plans. To do a complete and thorough job requires about **4 man-hours**.
